Connect to QCCTX02.QBSOL.COM with Citrix Receiver and add applications to your start menu or Desktop

I. Introduction

QUORUM

Citrix receiver allows for client devices to connect to various desktop virtualization services offered through <u>https://qcctx02.qbsol.com/</u>. By connecting Citrix receiver to <u>https://qcctx02.qbsol.com/</u> you are able to access applications through a client based application. Citrix receiver will also add your applications to your start menu and/or desktop for easy access to the applications.

This guide will go through the steps that are required to properly configure your Citrix receiver to access your applications. Below is the list of sections and what each sections covers.

Section II: Connecting the Citrix receiver to https://qcctx02.qbsol.com/

Section III: Managing applications added to your Start Menu

Section IV: Add applications to your Desktop

II. Connection the Citrix receiver to https://gcctx02.gbsol.com/

Note: If you are a new user and received a temporary password you must go to <u>https://qcctx02.qbsol.com/</u> to reset your password.

1. Open Citrix receiver.

3. Enter your QCLOUD user name and password.

III. Managing Application in Start Menu

After connecting your Citrix receiver the first time to <u>https://qcctx02.qbsol.com/</u> your applications, by default, will be added to your start menu. Citrix receiver matches the categories folder path when placing the applications in the start menu. In this example ZZZ-TSTVDA01-V – ClientA_Notepad has a category folder path of ClientA > Notepad/ as shown in the below screenshot.

O Citrix Receiver		
	APPS	Menu 🔻
Categories ClientA Notepad		Q Search All Apps
Details ZZZ-TSTVDA01-V - CLientA_Notepad ClientA		

If you navigate to your Start Menu then All Programs, the application will appear in the same folder path. Start > All Programs > ClientA > Notepad.
